- (i.) Chemical Pathology (ii.) Histopathology/Cytopathology (iii.) Haematology/Blood Transfusion Science

#### H. FACULTY OF NURSING SCIENCE

- (i.) Public/Community Health Nursing (ii.) Maternal and Child Health Nursing
- (iii.) Medical-Surgical Nursing (iv.) Mental Health and Psychiatric Nursing
- (v.) Nursing Education (vi.) Nursing Administration and Informatics

#### I. FACULTY OF PHARMACEUTICAL SCIENCES

- (i.) Pharmaceutical Microbiology & Biotechnology (ii.) Pharmaceutics and Pharmaceutical Technology (iii.) Pharmaceutical Chemistry (iv.) Clinical Pharmacy and Pharmacy Administration (v.) Pharmacognosy (vi.) Pharmacology and Toxicology

#### J. GENERAL STUDIES UNIT

- (i.) Philosophy (ii.) English (iii.) French (iv.) Biostatistics

#### K. UNIVERSITY LIBRARY

- (i.) Law Library (ii.) Engineering Library

### MINIMUM QUALIFICATIONS AND REQUIREMENTS

#### (i.) Professor

The candidates must possess a Ph.D. in the relevant subject areas with at least twelve (12) years of teaching, research, community service and professional experience in a university or any other tertiary research-oriented institution. Applicants must have a

record of substantial publications in local and international journals, evidence of postgraduate supervision, and ability to initiate and develop research.

For disciplines in the College of Medicine Clinical Specialities (Faculties of Clinical Sciences), candidates must possess MBBS or BDS, which should be registered with the Medical and Dental Council of Nigeria (MDCN). They must also have an appropriate MDCN-registered Speciality Fellowship of any of the Postgraduate Medical Colleges with a minimum of nine (9) years post-fellowship teaching and research experience in a university.

The candidates, who must have been Associate Professors (Readers) for a minimum of three (3) years, must be willing to initiate and develop courses at both undergraduate and postgraduate levels, and must be able to supervise postgraduate students, including doctorate students, in his/her area of discipline. In addition, candidates must demonstrate evidence of academic leadership, evidence of teamwork as well as administrative experience in working with interdisciplinary groups. Registration with professional bodies, where applicable, is compulsory.

#### (ii.) Reader (Associate Professor)

The candidates must possess a Ph.D. in the relevant subject areas with at least ten (10) years of teaching, research, community service and professional experience in a university or any other tertiary institution. They must have a record of substantial publications, with focus on distinct areas of research, in local and international journals; evidence of postgraduate supervision; and ability to initiate and develop research. Registration with professional bodies, where applicable, is compulsory.

For disciplines in the College of Medicine Clinical Specialities (Faculties of Clinical Sciences), candidates must possess MBBS or BDS, which should be registered with the Medical and Dental Council of Nigeria (MDCN). They must also have an appropriate MDCN-registered Speciality Fellowship of any of the Postgraduate Medical Colleges with a minimum of six (6) years post-fellowship teaching and research experience in a university.

The candidates, who must have been Senior Lecturers for a minimum of three (3) years, must be willing to initiate and develop courses at both undergraduate and postgraduate levels, and must be able to supervise postgraduate students in their areas of discipline. In addition, the candidates must possess a good measure of academic leadership, evidence of teamwork as well as administrative experience in working with interdisciplinary groups. Registration with professional bodies, where applicable, is compulsory.

#### (iii.) Senior Lecturer

Candidates must possess a Ph.D. in their relevant subject areas with a minimum of five (5) years of teaching, research, community service and professional experience in a university or any other tertiary research-oriented institution. They must have a record of substantial publications with distinctive academic quality, originality and contribution to knowledge in a focused area of research and in reputable local and international journals. Registration with professional bodies, where applicable, is compulsory.

For disciplines in the College of Medicine Clinical Specialities (Faculties of Clinical Sciences), candidates must possess MBBS or BDS, which should be registered with the Medical and Dental Council of Nigeria (MDCN). They must also have an appropriate MDCN-registered Speciality Fellowship of any of the Postgraduate Medical Colleges with a minimum of three (3) years post-fellowship teaching and research experience in a university.

#### (iv.) Lecturer I

Candidates must possess a Ph.D. in the relevant subject area with at least three (3) years post-qualification experience in teaching, research as well as a good number of publications with outstanding academic quality, originality and contribution to knowledge in an emerging area of interest in local and international journals. Holders of a good master's degree with evidence of registration for Ph.D. and progress report as well as a substantial number of publications and teaching experience can also apply. Registration with professional bodies, where applicable, is compulsory.

For disciplines in the College of Medicine Clinical Specialities (Faculties of Clinical Sciences), candidates must possess MBBS or BDS, which should be registered with the Medical and Dental Council of Nigeria (MDCN). They must also have an appropriate MDCN-registered Speciality Fellowship of any of the Postgraduate Medical Colleges

#### (v.) Lecturer II (College of Medicine)
